BRITAIN IS AROUSED

Will Raise the Largest Army in the World to Crush Rebellions.

Trouble in China is Also Feared—Talk of Kitchener's Being Removed to India.

THE BOERS MUST BE CRUSHED

London, March 20.—There is a prurient interest in ministerial circles over the Chinese rebellion. A condition has arisen with which the cabinet is unable to cope at present. That condition is an army to be used in case of emergency. All the available men are now in South Africa, and how to procure battalions in case the situation in China should become grave is the disturbing problem.

Since Secretary of War Brodrick announced in the commons his plan for reorganization of the forces nothing has been done; in fact, inefficiency has so seized upon those in authority in all branches of government that conditions bordering upon chaos exist. The heavy vote in the commons against censure of the ministry for the remount and other war scandals has so stiffened the government and its followers that they will take their own good time in the matter of effecting reforms or in making provisions for future contingencies.

But it is evident the gravity of the Chinese situation has been realized by Premier Salisbury. He had a short audience today with King Edward before the departure of His Majesty for Knowsley, the seat of the Earl of Derby, and it is believed that the Chinese situation was referred to at the conference.

In clubs nothing is discussed but the army situation, and the urgent need of building up the depleted regiments. The latest project, which a special committee of the war and colonial offices is considering, provides for a costly establishment that will appall the tax-payers. More than that, it creates the largest army in the world, and in time probably the most efficient. According to the plans formulated Great Britain and Ireland will produce and equip six army corps, three of which representing, with a cavalry brigade, a force of 150,000 will be prepared to take the field in defense of the colonies or against any European power. This will leave a home defense force of similar numbers, beside large bodies of militia, yeomanry and volunteers. India is to provide an army corps from each of the three presidencies, and South Africa is expected to raise two army corps to be available for service anywhere. To Canada is apportioned four military corps which can be wholly used if required, while Australia is supposed to raise two and New Zealand one army corps.

The consolidated companies are to be known as the Old Kentucky Telephone and Telegraph company, with \$10,000 capital stock.

ARMY BILL REPORTED.

Washington, March 20.—At the opening session of congress today Mr. Hall, Iowa, presented the army appropriation bill, and the house then resumed consideration of the rivers and harbors bill.

DID NOT DIE.

Mr. W. P. Miles, the man who was beaten up so badly by two negroes at Fulton a few nights since, is improving, and did not die, as some of the Louisville papers stated.

AT FRANKFORT.

BILLS THAT THE GOVERNOR HAS SIGNED SINCE TUESDAY

There are several others, with many lobbyists against some of them.

The following bills have been approved by the governor:

House bill 318—Placing the selection of official newspaper in cities of the second class in the city attorney, instead of the mayor.

House bill 228—An act fixing the compensation of the judge and clerk of the police court of the city of Louisville and authorizing the judge to take a vacation whenever he sees proper to do so.

House bill 71—An act creating the office of assistant commonwealth's attorney in the county of Jefferson.

Senate bill—Act changing the name of the state normal school for colored persons to Industrial Normal school.

House bill 253—An act concerning city engineers in cities of the second class.

The departments are filled with what legislators are left here, especially that of the executive. Governor Beckman sits behind a stack of bills piled high on his desk. It will require his close attention for ten days to consider all of them and act on them.

The horse dealers and traders of the Bluegrass region are here in great numbers to enter protest against executive approval of the Newcomb bill to prohibit the docking of the tails of horses.

Attorney Walter Bronston, of Lexington, made the argument for the horse breeders against the signing of the Newcomb horse bill. He told the governor that the class of horses whose tails were docked were so valuable that they did not need to use their tails as fly brushes, for each had an attendant to keep the flies from bothering him. He claimed that the signing of the bill will cripple the horse breeding business in Kentucky.

General John B. Castleman has joined the ranks of the opposition to the bill. The general belief here is that the bill will be vetoed.

It is persistently rumored among the legislators remaining here that the governor will veto the Bronston bill legalizing investment and debenture companies. Nothing definite can be learned.

REPRESENTATIVE CLARK

WORK OF OUTLAWS.

SEVERAL MURDEROUS ATTACKS REPORTED FROM MADRID BEND BELOW HICKMAN

The facts are meager—One Negro foully murdered by a white man.

Fulton, Ky., March 20.—News of a terrible tragedy at Madrid Bend, Ky., below Hickman, reached the city last evening, and reveals a terrible state of affairs, which will be thoroughly investigated. According to reports, one of two negroes murdered had stolen chickens, which provoked the wrath of the white men living thereabout, and resulted in one negro being killed and three mutilated.

Only one of the negroes' names could be learned, that of Elijah Drake.

It is claimed that Morgan Ball, a white man, made Drake walk out into the Mississippi river, and then shot him dead and let his body drift down stream. The body washed ashore, the water being shallow, and Ball made another negro tie a rope around Drake's neck and pull him out into the current in the middle of the river.

The name of the other negro who was killed could not be learned.

Henry Smith, another negro, was cruelly lashed with a whip and clubs and is seriously hurt. An unknown negro was shot twice by Albert Davis, and may die. Several other crimes are reported to have occurred there.

It is also alleged that parties run blind tigers there, and selling whiskey without license.

Sheriff Carpenter will go at once to the Bend and investigate the trouble, and do all in his power to bring the horse breeding business in Kentucky.

General John B. Castleman has joined the ranks of the opposition to the bill. The general belief here is that the bill will be vetoed.

It is persistently rumored among the legislators remaining here that the governor will veto the Bronston bill legalizing investment and debenture companies. Nothing definite can be learned.

THE GUN CLUB.

FIRST SHOOT WILL BE HELD TOMORROW AFTERNOON.

The Paducah Gun club will hold its first shoot on the season on Friday afternoon next and the attendance will be as all members have expressed their intention of attending.

Beginning with 3 o'clock in the afternoon a target shoot will be held, lasting from 3 o'clock, and from that time until the close of the sport the marksmen will shoot at live birds.

One hundred and fifty pigeons have been ordered from Chicago, and will arrive the first of next week. The traps have been thoroughly cleaned, and are in the best of condition.

WORKING MEN THERE.

A SPLENDID SERMON PREACHED BY REV. TYRRELL.

An interested congregation heard Rev. F. G. Tyrrell of St. Louis at the First Christian church last evening in an especial sermon to workingmen, with the life of "The Carpenter of Nazareth" for his theme set forth the dignity and nobility of labor, and deduced many helpful and excellent lessons for the working people of today, showing them that the church and its Founder is their friend.

There is an especial service for ladies this afternoon, and Mr. Tyrrell will preach tonight at the usual hour.

SMALL WRECK.

There was a small wreck at Iron Ore Hill, near Kuttawa, this morning about 8 o'clock. A train of lumber cars was wrecked. Eight cars were derailed and wrecked on the hill, the cause of the accident not having been learned. A wrecker was sent out of Paducah at 1 o'clock this afternoon as the main line was not blocked and the wreck can be cleared without inconvenience to the company.

FINE PORTRAIT ABUSED.

Frankfort, Ky., March 20.—In the closing hours of the legislative session, during the annual paper wad throwing sport, some one threw a bound copy of the auditor's report through the painting of George Washington just back of the rostrum of the presiding officer.

RECEIVED A PATENT.

Mr. Theo Luttrell, formerly a deputy sheriff, has received a patent on a new buggy step which is designed to protect the steps from being broken by stumps and such things on country roads. It is said to be a fine device and he expects to sell it for a neat sum.

ALLEGED THIEVES ON TRIAL.

Fulton, Ky., March 20.—The trial of three officials before a secular court for theft from the Vatican treasury aggregating \$16,000 has commenced here.

DID NOT DIE.

Mr. W. P. Miles, the man who was beaten up so badly by two negroes at Fulton a few nights since, is improving, and did not die, as some of the Louisville papers stated.

OFFICER TOM EVITTS REDUCES THE GANG ABOUT WEST WASHINGTON.

Officer Tom Evitts made six arrests this morning. The following are the prisoners:

William Sharkey and R. J. Dornan, white, were arrested near the Lo-Bloom hotel on Broadway and Eleventh streets for engaging in a mutual fight.

Yeltema was first taken to the Sleeth drug store, and later to the office of Dr. Jeff Robertson, where his wound was dressed. The knife entered just above the heart and went deep, but the injury is not considered dangerous.

Yeltema appeared at the police station later and procured a warrant against the woman.

OPERATOR ASSAULTED.

NARROW ESCAPE AT BROOKPORT OF WALTER WEAVER, TELEGRAPHER.

Walter Weaver, operator for the Illinois Central at Brookport, was almost killed there by Lee Choisser, a brakeman. It seems the latter and a brother of young Weaver had had some trouble, resulting in Choisser being soundly thrashed, and he had a grudge against all the Weavers. The operator walked into a caboose and asked him for his knife, and the brakeman refused. As Weaver started to walk away, he was struck in the head with a poker and badly hurt, but it is believed will recover.

Choisser made an attempt to escape, but was found hid away near the tender of the engine and lodged in jail for malicious assault.

TO THE REUNION.

A SPECIAL TRAIN WILL LEAVE PADUCAH APRIL 20.

Illinois Central passenger officials have been arranging for the Confederate reunion traffic to Dallas, Texas, for some weeks past, and the trains that will be run from this section have been decided on, but the schedule not arranged.

The first special will leave Fulton on April 19. It will handle the business on the line between Memphis and Fulton.

The second train will leave Paducah on April 20, and will carry the traffic secured between Paducah and Jackson, Tenn., including the Fulton and Cairo special coaches.

The third train will leave Jackson, Tenn., on the same day and have aboard the Jackson delegates and the passengers on the line between that city and Grenada.

CORN STEALING.

IT IS ALLEGED AGAINST A YOUNG MAN FROM ILLINOIS.

Judge Sanders held a brief session of the police court this morning. The principal case was against Lonnie Bundran, a youth from the cornfringed shores of Illinois, who is charged with having stolen forty-six bushels of corn from Mr. Kickasola of Illinois opposite the city and the town of Fulton to Captain Ed Farley, the Mechanicsville grocer. He was not ready for trial, and the case went over until Saturday morning at 10 o'clock.

Annie Green, charged with being drunk, was released, as it was her first offense.

A black mare pony that had run at large contrary to law, was accused of volating a city ordinance, and offering no defense, was ordered by the court to be sold by the marshal to the highest bidder.

The third train will leave Jackson, Tenn., on the same day and have aboard the Jackson delegates and the passengers on the line between that city and Grenada.

FINE FIXTURES.

MR. L. A. LAGOMARSINO LET THE CONTRACT AT CHICAGO.

Mr. L. A. Lagomarsino, while in Chicago, let the contract to Charles Passow and Co. for a set of bar fixtures, to be placed in his new place of business, that will be the finest in this end of the state. They are being made to order, and will be here April 24.

The United States authorities have arrested the Huntington, W. Va., municipal authorities for polluting the Ohio by dumping refuse in the river. This case is a precedent, as numerous other cities and towns are guilty of the same offense.

The Defender, from New Orleans, brought up a parrot. Captain William Crow, who was in command, bought it for a friend. The parrot had its own way on the boat, and since the friend took it home, the bird has had its own way there. It makes the owner's family do its bidding, and if the members refuse it uses language more forcible than elegant.

It is believed the river and harbor bill will not consume more than two days. A few members who are dissatisfied with appropriations for improvements in their districts will make an effort to amend it on the door to meet their individual wishes, but the committee believes it will have strength enough to prevent any attempt to amend it, and that it will pass in the Senate.

FAMOUS PIONEER DEAD

WILLIAM RANSFORD ONCE OWNED THE SITE OF DENVER, COLORADO.

In Indianapolis, Ind., March 20.—William P. Ransford, eighty years old, is dead. As a western settler he once owned the land upon which Denver now stands, and took gold from the first Colorado mine. His title from squatters was bad, and the land was re-claimed by the government.

EMPLOYES AN ATHLETE.

Washington, March 20.—President Roosevelt has engaged a professional athlete to give him wrestling and boxing bouts at the White House. Since coming to Washington the president has grown noticeably fatter. He has very little time for exercise. He walks and rides with his friends, but could scarcely ask them to go down to the basement and be hanged and thrown around with uppercuts and half Nelson's, therefore he engaged J. O'Brien, of Boston, who will endeavor to reduce the pigmentation of the president.

REWARD OF MERIT.

A NEW CATARRH CURE SECURES NATIONAL POPULARITY IN LESS THAN ONE YEAR.

Throughout a great nation of eighty million it is a desperate struggle to secure even a recognition for a new article, to say nothing of achieving popular favor, and yet within one year

Stuart's Catarrh Tablets, the new catarrh cure, has met with such success that today it can be found in every drug store throughout the United States and Canada.

To be sure, a large amount of advertising was necessary in the first instance to bring the remedy to the attention of the public, but everyone familiar with the subject knows that advertising alone never made any article permanently successful. It must have in addition absolute, undeniable merit, and this the new catarrh cure certainly possesses in a marked degree.

Physicians who formerly depended upon inhalers, sprays and local washes or ointments, now use Stuart's Catarrh Tablets because, as one of the most prominent stated, these tablets contain in pleasant, convenient form all the really efficient catarrh remedies, such as red gum, blood root and similar antiseptics.

They contain no cocaine nor opiate, and are given to little children with entire safety and benefit.

Dr. J. J. Reitinger of Covington, Ky., says: "I suffered from catarrh in my head and throat every fall, with stoppage of the nose and irritation in the throat, affecting my voice and often extending to the stomach, causing catarrh of the stomach. I bought a 50 cent package of Stuart's Catarrh Tablets at my druggist's, carried them in my pocket and used them faithfully, and the way in which they cleared my head and throat was certainly remarkable. I had no catarrh last winter and spring, and consider myself entirely free from any catarrhal trouble."

Mrs. Jerome Ellison of Wheeling, W. Va., writes: "I suffered from catarrh nearly my whole life and last winter my two children also suffered from catarrhal colds and sore throat so much they were out of school a large portion of the winter. My brother, who was cured of catarrhal deafness by using Stuart's Catarrh Tablets, urged me to try them so much that I did so, and am truly thankful for what they have done for myself and my children. I always keep a box of the tablets in the house and at the first appearance of a cold or sore throat we nip it in the bud and catarrh is no longer a household affliction with us."

Full sized packages of Stuart's Catarrh Tablets are sold for 50 cents at all druggists.

Send for book on cause and cure of catarrh, mailed free. Address F. A. Stuart Co., Marshall, Mich.

ASKS FOR DAMAGES.

Pete Jones, a deliveryman, this morning filed suit in circuit court through Attorneys Taylor, Gilbert and Lucas, for \$500 damages against the Anheuser-Busch Brewing company. He claims a vehicle belonging to the firm ran into his wagon on South Fifth street some time since and demolished his wagon and killed his horse, in addition to injuring him.
